

UCS ALL SPORTS SHELTER SPECIFICATIONS

MODEL 581-0906 8' (2.43m) Long x 6'4" (1.93m) High Shelter

Frame Base –

- Aluminum frame manufactured from 2" x 3" x 1/8" aluminum tubing, provides exceptional support and rigidity.
- Fully assembled, welded and electrostatic powder coating offers superior color adhesion and resilient coating ensures rust prevention and longevity.
- Bench is supported by 2" x 2" Zeneel square tubes; Zeneel is a completely Rust Resistance alloy that is three times stronger than Aluminum.

Frame Upper –

- Upright frames are fabricated out of 2" x 3" aluminum with 1/8" thickness sand blasted and electrostatically powder coated, provides rigid and strong support.
- Fully assembled for easy delivery.

Carbon Composite Shield –

- UCS All Sports Shelters now come with **White Carbon Composite Panels** to help reduce sun glare and heat. UV penetration is 0% while visible light is 90%.
- Curved overhang protects the athletes from rain and sun.

Seating –

- UCS Player Shelters offer custom powder coated aluminum bench 7 1/2" x 1 3/4" double planking provides extended seating space (15" wide bench space). The UCS All Sports Shelters seats 6 comfortably.
- Bench is equipped with full-length 9 1/2" planking backrest.
- Bench and Backrest come fully integrated to the frame by 2" x 2" Zeneel supports.

Wheels –

- 6" x 2" Wide Phenolic swiveling wheels unlock and lock for easy maneuverability and secure into place.

Assembly –

- *No assembly required!* UCS Player Shelters have a factory-welded frame for *superior strength*. Shelters arrive fully assembled and ready for use! Equipped with wheels for portability but can be ordered with sleeves for permanent installation at customer's request.
