Caring for your Bleacher/Bench

- Consult your local building codes for bleacher specifications and restrictions.

- All bleachers should be stored and locked down during inclement weather especially during high winds.

- Do not use bleachers/benches during thunder/lightning storms.

- To clean, wipe metal with damp cloth using an all purpose cleaner.

- Do not climb or hang from the bleacher.

- Provide routine inspection for damage, wear and misalignment at least twice a year.

- Only trained personnel should move bleachers.

- Do not run or play on or underneath the bleachers.

- Bleachers should be used for their intended purpose only.

- Although UCS's bleachers are designed to minimize potential exposure to injury, always keep an eye on children.

Congratulations!

You've made a sound investment by selecting UCS equipment. The innovative design and expert craftsmanship will enhance your facility, maximize safety, and improve the competitive experience for athletes, coaches, and spectators alike.

Feel free to contact us for assistance regarding maintenance, accessories, or upgrades. We welcome the opportunity to serve you.
