Caring for your Shelter

- All shelters should be stored and locked down during inclement weather especially during high winds.
- Wood planking is cleaned with a vinegar and water mixture.
- Wipe metal with damp cloth using an all purpose cleaner.

- Carbon Composite Shields can be cleaned with a soft cloth and warm water.
- Do not climb or hang from the shelter.
- When being used, wheels should be in locked position.
- Check the shelter seating at the beginning and end of each season for loose parts, tighten when needed.
