

# UCS<sup>™</sup> *Spirit*

est. 1987

Congratulations on your new UCS Spirit Pole purchase. UCS uses the most skilled work force to bring you the best athletic equipment money can buy. UCS has been represented at every single Olympic Game since its inception and has won medals in all. UCS has also been represented in NCAA Championships, US Olympic Trials and US Track & Field national championships. Your dedication to excellence inspires our efforts to bring you the finest engineered and manufactured "Made in the U.S.A." products.

## The National Pole Vault Summit

The National Pole Vault Summit is a developmental clinic established and continued each year to promote safety and encourage development of Pole Vaulting at all levels through continued education. The event specifically focuses on pole vault development with attendance by National and Regional Staff, influenced by the National Men's and Women's Pole Vault development chairmen and utilizing all the best coaches from across the globe to further develop our future stars of American Pole Vaulting. UCS Spirit is proud and honored to have developed an event of this magnitude and recognition. Our vision remains to develop and evolve the sport.

## Warning

*Pole Vaulting is an extremely dangerous activity. Serious injury, paralysis, and death have occurred. Important, read for your safety:*

- Inspect pole before each use for signs of damage.
- Do not use if broken fibers, tape, scrapes or other signs of damage can be seen.
- Do not use if the test weight (pole model) is below the vaulter's weight.
- Insure that all equipment such as Landing Area, Vault Box, and Standards are safe and properly installed accord-

ing to your respective rules and regulations.

- Proper supervision is absolutely required at all times.
  - Breakage may result from incorrect pole selection, damage, improper technique, over-stress, and other causes.
  - Take care of this pole. Poles are not guaranteed against breakage.
  - Again, any activity involving motion, rotation, height, and especially falling may cause serious injury or even death.
- ...VAULT RESPONSIBLY!**

Thank you for choosing the UCS Spirit Pole. We highly value and appreciate your business and consideration when purchasing top quality athletic equipment.

We are confident our equipment will exceed your needs and demands. Thank you again, and we look forward to serving you again soon.

Sincerely, The UCS Spirit Team
