Pre-school Bar

This sturdy, versatile training bar is a great addition to any pre-school program. Made completely of powder coated steel, this unit is designed to withstand the rigors of any pre-school program. A heavy duty base and easy lock adjustments make it stable and simple to adjust. Bar height is adjustable in 3" increments from 33" to 48". Easy assembly make the bar ideal for pre-school mobile programs.

Important

This heavy duty unit will serve you for many years. Adult supervision is necessary when being used. Always use the proper matting under your pre-school bar for safety.

Installation

Instructions

1. Remove the three pieces from the box and separate on a flat surface.
2. Insert one end of the crossbar into one of the uprights, making sure the height adjustment knob is on the outside.
3. Simply pull the height adjustment knob and adjust height equally on both sides. Release height adjustment knob ensuring the bar snaps in place. Make sure the bar is even and both height adjustment knobs are in their locked position prior to use.

Warning:

Because of the nature of the sport, the possibility of injury is inherent in gymnastics.
