

UCS MEDICINE BALL BENCH

www.UCSSTRENGTH.com

Working with a long time professional strength coach, UCS has designed the Medicine Ball Bench. The adjustable back pad allows the athlete to select from five different positions and the ankle pads adjust to ensure secure support during activity. An oversized platform provides a stable position for a spotter to enhance exercises using a variety of tools such as weight balls and bands.

- 72" L x 38" W -----
- 7-gauge steel construction
- Oversized spotters platform
- Fully-welded frame
- 5-Position piston-assisted adjustable support pad (photo A)
- Adjustable ankle pads for a secure fit (photo B)
- Built-in safety feature to prevent accidental adjustments

Custom colors available.
See color chart other side for standard colors.
